Please check (✓) the boxes below to confirm that you have carried out the following requirements in preparing the sample.

- I have read section H6 and groups 3 and 4 in the handbook.
- Internal standardization has taken place where two or more teachers are responsible for the internal assessment of candidates.
- A form ES&S/PSOW is included for each candidate in the sample set.
- Photocopied material is legible (ideally, original work should be sent to the moderator).
- The criteria P1, DCP and DEC have all been assessed on at least two occasions.
- The two highest levels for each of the criteria P1, DCP and DEC have been clearly circled or highlighted on each candidate's form ES&S/PSOW.
- The corresponding write-ups/reports and teacher instruction sheets for each candidate in the sample set are clearly identified.
- The summative mark for PS has been noted.

No written evidence is required for PS.

The final mark out of 42 for internal assessment must be recorded on the internal assessment option on IBIS.

Atypical candidates

It is important that the sample work received by the moderator is typical of the marking standards applied to the whole group of candidates. If IBIS selects a candidate's work for a moderation sample that is atypical, include the work of another candidate with the same or a similar mark in addition to that candidate's work.

I confirm that, to the best of my knowledge, the write-ups/reports submitted are the authentic work of each candidate.
